John Doe

Front-End Developer

johndoe@email.com | +1 555 123 4567 | LinkedIn | GitHub | Portfolio

Summary

Passionate and results-driven Front-End Developer with hands-on experience in creating dynamic, user-friendly websites and web applications. Proficient in HTML, CSS, JavaScript, jQuery, and GitHub. Strong problem-solving abilities and keen attention to detail. Always eager to learn and stay up-to-date with the latest web development trends.

Technical Skills

Languages: HTML, CSS, JavaScript

Libraries/Frameworks: jQuery

Version Control: Git, GitHub

Tools: VS Code, Chrome DevTools, Figma

Other: Responsive Design, Cross-Browser Compatibility, API Integration

Experience

Front-End Developer

Tech Innovators Inc. | New York, NY

March 2023 - Present

Developed and maintained dynamic, responsive websites using HTML, CSS, and JavaScript.

Collaborated with UX/UI designers to enhance user experience and interface designs.

Integrated third-party APIs and external libraries like jQuery to improve functionality.

Managed version control and code collaboration using Git and GitHub.

Junior Front-End Developer

Creative Web Solutions | San Francisco, CA

June 2021 - February 2023

Created and maintained the front-end code for multiple client websites.

Worked closely with the back-end development team to integrate front-end components with server-side logic.

Ensured websites were mobile-friendly, fast-loading, and visually appealing.

Actively participated in code reviews and collaborated with team members to improve code quality.

Education

Bachelor of Science in Computer Science

University of California, Berkeley | Berkeley, CA

Graduated: May 2021

Projects

Portfolio Website

View Project

Built a personal portfolio website to showcase development skills using HTML, CSS, and JavaScript. Implemented responsive design principles to ensure it works well across devices.

Weather App

View Project

Developed a weather application that pulls data from a public API to display current weather information based on user input. Built with HTML, CSS, and JavaScript, utilizing jQuery for smooth DOM manipulation.

Certifications

Front-End Web Development Certification | freeCodeCamp | 2021

JavaScript Algorithms and Data Structures | freeCodeCamp | 2021
